Houston, Texas 77081

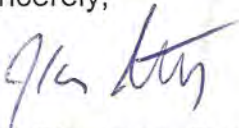

Mr. Dorman:

Thank you for the great job your crew did on our lockers in the summer of 2012. The lockers in our high school hallways had suffered from years of abuse and neglect. They now look and operate like new. It has made a big difference in the appearance of our building.

The entire process of having our lockers refurbished and painted was handled professionally. The price was reasonable. From our first conversation to the completion of the job everything went well. The ElectroCoat crew came in on a Friday and completed the job on Saturday evening. They took great care to communicate with our staff and to get the job done right. The cleanup was excellent.

Thanks again for the job your company did for our school.

Sincerely,

Kim Stephens, Superintendent

Reference; Letter of Recommendation

We have utilized your company the past two years to refurbish lockers at two of our facilities. The campus staff at both have remarked at how well the projects have turned out and the speed in which they were completed and the professionalism that your staff exhibited in their work. We look forward to working with your company on future projects.

Sincerely,

Mark Tiedt

Dear Electrocoat,

I certainly do appreciate the job that your crew did in painting our student and athletic lockers. I have noticed tremendous pride in the quality and the fact that the lockers are now the school colors! Everyone in the community are impressed. The former students that have come back for a visit are surprised when they see the lockers.

This is the second time that I have used electrocoat. The first time was at Clifton Middle School in Clifton, Texas. I will definitely use them again. Thank you Thomas Dorman!

Sincerely,

William Murrell

Mr. Thomas Dorman,

Thank you very much for your assistance in refurbishing the lockers at Keefer Crossing Middle School located in New Caney, Texas. We are very pleased with the quality of work done.

The work was also done in a very timely manner within our scheduled time. We will definitely call in the future for any of our lockers that need to be restored.

Thanks for the great job.

Re: Beggs High School Locker Refurbishment

Mr. Dorman,

Thank you for your work on the Beggs High School project. The lockers look great and the school is very happy with your work. There was not a single punch list item on your part for the 150+ lockers.

I appreciate that your crew showed up on schedule and completed the project faster than expected.

We look forward to working with you again and will definitely be in contact with you on our next locker refurbishment project.

Thank you,

Brian Childers

To Whom It May Concern:

ElectroCoat "breezed" into our school, checked in and immediately began repairing our lockers. Our lockers look wonderful, just as I had imagined (which is rare). They are truly professionals and went beyond my expectations.

I have no reservations about recommending them.

Sincerely,

Mrs. Sherry Adkison

Dear Mr. Dorman,

On behalf of the Clarendon Independent School District, I would like to recognize and thank your staff for an excellent job performance on our lockers this summer.

Your company came to our school district to refurbish our lockers which were in poor condition. Years of abuse and normal wear and tear had defaced our lockers and made them look very old. Now our lockers look brand new and the students and faculty have noticed the improvements. This has helped boost the pride we take in our school. Your company fulfilled every aspect of our contract and you went over and beyond to make the refurbishment go as smoothly as possible.

I want to commend you and your employees again for the excellent service you gave to our school district. If you need a reference for your company, please don't hesitate to call me at 806-874-2062.

Sincerely,

Dear Sir,

I am writing to commend your staff on the excellent job they did at restoring our lockers at Clifton Elementary School. I am so pleased with the results and can't believe what a difference the restoration has made to the overall atmosphere of our school. So motivated was our staff by the appearance of the lockers, that we painted all the trim work to match the lockers.

Thanks again for a job well done.

Thomas;

The amount of work that we had to complete at these schools this past summer was astronomical. The scheduling of the various contractors and trades almost found the task impossible, and it wasn't until after the project had started that the owner decided to paint the existing lockers.

CTS acquired your name through a past customer of ours, and we called you to determine what you could do for us. Your willingness to work us into your schedule when you were in the area, and paint the lockers on a weekend when other trades were off the job and would not interfere, allowed us to slide you right into our schedule.

We and the owner are very satisfied with repairing and painting of the lockers. Some of the lockers you reworked are near new lockers that were installed, and there is no noticeable difference other than the texture you gave the reworked lockers.

Thanks Tom, for a job well done.

Sincerely,

A handwritten signature in black ink, appearing to read 'Bill Mohr'. The signature is fluid and cursive.

To Whom It May Concern:

I would like to give a glowing recommendation to Electrocoat! This company was just what they claimed to be honest, on time, professional, and very timely. The quality of work was second to none. They were in and out of our school within just a few days and left our halls cleaner than when they came. And most of all our lockers look brand new! I would hire this company again in a heartbeat.

Thank you,

Sammy Jackson

Dear Mr. Dorman,

This time last year you were awarded a Square Foot Bid for Locker Painting and Repair.

The district has been happy with your service. Specifications allow us to extend by mutual agreement for another year at the same terms and conditions.

If this is acceptable, please sign this letter where indicated and return original to my office. Please keep a copy for your file.

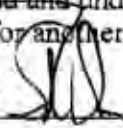

Call if you have questions.

Sincerely,

Stephen R. Draper
Assistant Superintendent for Business

I have read and understand the conditions of this letter and mutually agree to extend services for another year.

Dear Mr. Dorman:

It is my privilege to write this letter of reference regarding the work your company did this past summer in electro coating the lockers at Levelland Middle School. I was very pleased with the professionalism shown by both you and the men doing the painting.

I especially appreciate the way you worked with me in scheduling the project and promptly adhering to the schedule. The project was completed in a timely manner, and I was extremely pleased with the finished product.

I recommend your company without reservation and will call you in the future for locker refurbishing at other campuses in our district.

Dear Mr. Dorman:

We hired your firm this past summer to refurbish and paint our lockers in both the high school and junior high buildings.

The best move we ever made was to hire you! The workmanship was excellent and the 28 year old lockers look like new! The workers were quick and professional in their dealings with our staff.

Thank you for a job well done!

Sincerely,

Jim Hattabaugh,

To whom it may concern:

This letter is to confirm the work done for Pearland ISD in December of 2005. ElectroCoat contracted to repair and refinish 946 locker doors and interior edges of the frames.

The job was scheduled during the Christmas break while there were no students. It was completed on time, and required no call backs. I was very satisfied with the job performed for me as a representative of Pearland ISD.

Sincerely,

Lawrence Reeves
Director of Maintenance and Operations

**Re: Storm Damage Locker and Auditorium Seat Restoration
at Abbeville High School**

Dear Mr. Dorman:

Thank you for the professional manner in which you completed the locker restoration at Abbeville High School after the devastating damage due to Hurricane Lili in October of 2002. This was a major project which took cooperation from many parties to get the students back to school for the following school year. We appreciate your efforts and the quality of work. The lockers look brand new and have enhanced the appearance of the hall corridors. The new color of the Auditorium seats also is a great improvement to the facility. We would certainly recommend your company for similar projects.

Very truly yours,

Eugene M. Sellers, Jr., AIA
Architect
